

I-95 Corridor Coalition TISPTC Announcement Summer 2016

New England 511 is here!

The I-95 Corridor Coalition would like to extend congratulations to the New Hampshire Department of Transportation, Maine Department of Transportation and Vermont Agency of Transportation on the successful launch of their tri-region 511 system! - <http://newengland511.org/>

After much planning and hard work, these three states have officially launched their new webpage effective July 1, 2016. This is truly a significant achievement highlighting the value of the regional coordination to benefit the travelers throughout their states.

Please take a moment to visit this website (<http://newengland511.org/>) and see the many features that are available. The www.nhtmc.com site has a video tutorial of how to sign up for My Trips through NE 511 to get more tailored event information relative to the specific corridors that you are driving.

Should you have any questions, please contact Denise Markow (New Hampshire DOT) at DMarkow@dot.state.nh.us, Robert White (Vermont Trans) at Robert.T.White@vermont.gov or Cliff Curtis (Maine DOT) at Clifton.curtis@maine.gov.

Coalition members should look for more information on NE 511 and the lessons learned by the agencies as they planned for, procured and implemented this system, in an upcoming I-95 Corridor Coalition meeting.

About the I-95 Corridor Coalition-

The I-95 Corridor Coalition is a partnership of transportation agencies, toll authorities, public safety, and related organizations, from the State of Maine to the State of Florida, with affiliate members in Canada. The Coalition provides a forum for key decision makers to address transportation management and operations issues of common interest. This volunteer, consensus-driven organization enables its myriad state, local and regional member agencies to work together to improve transportation system performance far more than they could working individually. The Coalition has successfully served as a model for multi-state/jurisdictional interagency cooperation and coordination for over two decades.
