

Connected & Automated Vehicles Conference

What States Need to Know

Information

June 21 & 22, 2016

Maritime Institute

692 Maritime Boulevard
Linthicum Heights, MD
(near BWI Airport)

Join us for a unique conference designed to:

- Highlight how Connected & Automated Vehicles will affect our transportation system;
- Provide an overview of lessons-learned from around the country;
- Describe current efforts underway within select Coalition states;
- Share insights from State DOT executives, NHTSA, the insurance industry and auto manufacturers; and,
- Build on the conversation on state policy and regulatory needs at the May 18 University of Maryland workshop, “Automated Vehicle Policy and Regulation: A State Perspective.”

The agenda, and information provided by the sponsors and exhibitors, will provide conference attendees with a clearer understanding of the importance and impacts of CAV and ideas on next steps for transportation agencies to consider, and what role the Coalition can fulfill going forward.
