

## I-95 Corridor Coalition TISPTC Announcement

### The NEW Florida 511 is here!

The I-95 Corridor Coalition would like to extend congratulations to the Florida Department of Transportation (<http://www.fdot.gov>), on the successful launch of their improved 511 system! - <https://fl511.com/>

The newly upgraded Florida 511 System features enhancements to their website, mobile app, and phone system. Florida DOT embarked on an extensive study to review current processes/uses and to determine their path moving forward. These improvements are designed to enhance the Florida 511 experience for users throughout the state.

Please take a moment to visit this website (<https://fl511.com/>) and check out the updated features.

Should you have any questions, please contact (Florida DOT) Russell Allen at [russell.allen@dot.state.fl.us](mailto:russell.allen@dot.state.fl.us)

Coalition members should look for more information on Florida 511 specifically their lessons learned as they planned for and implemented this system, in an upcoming I-95 Corridor Coalition meeting.

#### About the I-95 Corridor Coalition-

The I-95 Corridor Coalition is a partnership of transportation agencies, toll authorities, public safety, and related organizations, from the State of Maine to the State of Florida, with affiliate members in Canada. The Coalition provides a forum for key decision makers to address transportation management and operations issues of common interest. This volunteer, consensus-driven organization enables its myriad state, local and regional member agencies to work together to improve transportation system performance far more than they could working individually. The Coalition has successfully served as a model for multi-state/jurisdictional interagency cooperation and coordination for over two decades.
